dered unreasonably," he touched a sore spot in many households. Nevertheless, without special enquiry it is hardly fair to lay all the blame in this connection wholly upon the retailer, or upon the retail dealer in any line of food products. There are larger aggregations concerned in the movements of trade that may well warrant investigation.

Without doubt, this struggle against inflation on the home front is a most serious problem, and a thorny subject for the government to deal with, for whatever of idealism is realized in some people, not only in the fighting forces, but of those prepared to make sacrifice at home, is offset by the ever-present type of persons in any country who can see only in the trials of their countrymen at war, an opportunity to pile up profits for themselves. It is this class of people that is almost as great an enemy to their fellow citizens as are our armed forces are opposing.

Local and District

Bob Morrison was visiting in Calgary last week.

Bruce King was a visitor to Calgary last week.

E. L. Long shipped a carload of horses for feed recently.

Wm. Rothwell has returned to Delia as C.N.R. night operator.

George Love spent the week end in Calgary as a business visitor.

Mrs. George Lanes, of Michie, is spending two weeks' vacation in Calgary.

Mr. and Mrs. H. Humphrey and son, of Enterprise, were visitors in Calgary last week.

Pte. Matt Berg, of the Veterans' Guard, who is stationed at the coast, has been spending fourteen days leave in the Delia district.

Mr. and Mrs. Peter Thompson left by train on Friday last to spend the week end visiting their son and daughter-in-law, Mr. and Mrs. F. M. Thompson, in Calgary.

Steady cold weather has prevailed in the district for a period of over two weeks. Temperature on Thursday morning last was 14 below zero, and since then most day time temperatures have hovered a few degrees below zero.

During the course of the summer several inspections were made in the southern part of the province on various plant diseases, including flax rust. These inspections were made by Dr. Sanford, Dr. Henry, and other plant pathologists from Edmonton, who are qualified to determine the damage to flax crops.

They have reported that although flax rust has been present in practically all fields, the amount of damage caused was negligible. It would appear that the farmers' first analysis of the damage to be due to grasshoppers, and the loss of their crops to the ravages of the locusts.

The provincial Department of Field Crops as well as the Department of Field Crops at the University of Alberta, have been advised of the opinion that flax rust has the merit of greater importance than the variety Rona. It has been noted that flax rust is weak in the straw, and later than Rona or Redwing. From an oil analysis standpoint, Rona and Redwing are standard superior.

Rust In Royal Flax

During the course of the summer several inspections were made in the southern part of the province on various plant diseases, including flax rust. These inspections were made by Dr. Sanford, Dr. Henry, and other plant pathologists from Edmonton, who are qualified to determine the damage to flax crops.

It has been noted that flax rust is weak in the straw, and later than Rona or Redwing. From an oil analysis standpoint, Rona and Redwing are standard superior.

Pool Patronage Dividends

At their annual convention, delegates of the Alberta Wheat Pool passed a resolution authorizing the payment of a patronage dividend of 1¢ a bushel on grain delivered in Alberta Pool facilities during the 1941-42 season. The resolution provided that where grain had been delivered by producers from Pool elevators to the terminals of other grain elevators, the Pool dividend would be paid at a rate of 1¢ a bushel.

It is estimated that this dividend will mean the distribution of about \$200,000. The patronage will be based on the total grain delivered to the Pool during the 1941-42 season.

The dividend will be paid in the form of a check to the grain elevator company which delivered the grain to the Pool during the 1941-42 season.

The dividend will be paid in the form of a check to the grain elevator company which delivered the grain to the Pool during the 1941-42 season.

The dividend will be paid in the form of a check to the grain elevator company which delivered the grain to the Pool during the 1941-42 season.

The dividend will be paid in the form of a check to the grain elevator company which delivered the grain to the Pool during the 1941-42 season.

Prices Set on Graded Eggs

Price differentials in the grades of eggs have been established by the Wartime Prices and Trade Board, effective from the present to the end of January, 1943.

For Calgary and Edmonton, as centres of distribution the maximum prices of Grade A large was recently pegged at 47 cents a dozen.

The price differential now sets the maximum wholesale price of Grade A medium as at least 2 cents below Grade A large, of 40¢ a dozen; and pullets, at least 6 cents below, or 40¢ a dozen. Grade B, 8 cents a dozen less, or 32¢ a dozen; and Grade C, 10 cents a dozen, or 30¢ a dozen.

Premium eggs may not sell for more than 4 cents a dozen over the maximum for Grade A large.

For cartoning, the dealer may charge an additional 2 cents a dozen for his eggs.

U.S. Wheat to Turkey

The U.S.A. has offered to provide quantities of wheat required by Turkey, but that country must supply her own ships.

Canada may be called upon to ship more wheat to Russia to supply the shortage caused by the German occupation of the Ukraine. After the war is over, the wheat will be sold to the United States, and the wheat will be sold to the United States.

DRUMHELLER MUNICIPAL HOSPITAL

Sale of Special Contracts

The Board of the Drumheller Municipal Hospital District No. 3, announces that special contracts will be sold to those non-retainers who are desirous of obtaining the \$1.00 per day rate, and reduced rates for special services for themselves and their dependents at the hospital in Drumheller. Sale of these contracts will begin immediately and will continue until midnight December 31st, 1942. These contracts will be effective January 1st, 1943, and will remain in force until December 31st, 1943. Contracts may be purchased at the business office of the hospital in Drumheller for the sum of \$10.00. Any further particulars desired may be obtained from the undersigned.

L. WILSON, Secretary-Treasurer.
